Skills

- JavaScript
- CSS
- HTML
- Bootstrap
- **Tailwind CSS**

Experience

2023 - 2024

Konga – *web developer*

- **Developed and maintained** scalable and responsive web applications using modern frontend and backend technologies (e.g., HTML, CSS, JavaScript, React, Node.js, PHP).
- **Collaborated with cross-functional teams** (product managers, designers, and backend developers) to design and implement new features for the Konga e-commerce platform.
- **Ensured cross-browser compatibility** and mobile responsiveness, enhancing the platform's accessibility on all devices.
- **Integrated third-party APIs and payment gateways** to enable features like payment processing, shipment tracking, and customer notifications.

2024 - PRESENT

TechX Solutions, Location – *Web Developer*

- **Developed web-based solutions** for clients in industries such as e-commerce, healthcare, and finance, using modern JavaScript frameworks like Angular and React.
- **Led frontend development** of a B2B SaaS application, resulting in a 30% increase in user adoption after a complete UI overhaul.
- **Collaborated with designers** to ensure user-centric, accessible designs and implemented them using responsive web design techniques.
- **Implemented unit and integration tests**, ensuring high code coverage and reducing bugs by 25%.

Education

2024 - PRESENT

ED–JOHN IMT, Lagos State – *OND*
